BC-730 Series

This Super Compact Body Composition Monitor is perfect way to track your diet and fitness program. The extensive body composition readings give you essential information on the progress and effectiveness of your lifestyle and health regime. Suitable for the whole family, the scale can be used by anyone aged 5 years to 99 years. Additional functionality is added with Athlete and Guest Modes. A memory function for up to 5 people allows quick and easy one-touch use. The compact design makes the Monitor perfect for space saving in the bathroom or just popping away when not in use.
